TECHNOLOGY CENTER 2800

Dear Sir:

This confirms a telephone conversation between Examiner Sara Crane and Arik B. Ranson, Attorney for Applicants, on November 4, 2002. Application Serial No. 09/496,506 was discussed, particularly the status of pending claims 1, 2, and 4-8 after Response C, which was filed by Applicants by facsimile with the Patent and Trademark Office on October 4, 2002 in response to the final Office Action mailed June 4, 2002.

Examiner Crane informed Applicants' Attorney that she is issuing a new Office Action, which will be mailed in the next couple of days. She also stated that the finality of the June 4, 2002 Office Action has been withdrawn, and that no further response to the June

4, 2002 Office Action by Applicants is necessary to keep the application pending. Examiner Crane indicated that a new period for response will begin upon the mailing date of the new, to-be-mailed Office Action.

The Examiner is invited to contact the undersigned attorney at the below-listed number if any further action by Applicants is required regarding the June 4 Office Action.

Respectfully submitted,

GREER, BURNS & CRAIN, LTD.
